Re: WC Docket No. 11-42 - Lifeline Reform and Modernization
CC Docket No. 96-45 - Federal-State Joint Board on Universal Service
WC Docket No. 03-109 - Lifeline and Link Up

Name: Metha Davis Finney

Address: 1422 Deep Creek Rd.
Fayetteville, N.C. 28312

Please describe your family household: I live alone

Is there anything you would like the FCC to know about how/why you need Lifeline support or why SafeLink is important to you?

When I'm away from home this is
my only means of contact measures.
Emergencies do happen & the ability to be
reached or to reach others is important to me
Thank you for assisting me in my time of need
Would it be OK if there was a mandatory minimum monthly fee? Would this be hard for you to pay?
This would be very hard for me to
pay since I'm not working at this
time and I live off \$450.00 retirement
a month.

Thank you for your recent participation in our survey. We value your opinion, and your feedback is important to the work we do to provide our free cell phone and monthly minutes program. You may remember that during this survey you agreed to help us in our continued effort to improve your service by writing a letter to the chairman of the Federal Communications Commission.

We appreciate your participation, and the time you are taking to help us. To make this easy and as quick as possible, we have included a letter with a list of questions that we think will help highlight why programs like SafeLink are important for the people of America.

Please fill out the letter and submit it to the office of the FCC secretary by using the self-addressed enclosed envelope.
